# AHS Foundation Presents \$100,000 In Scholarships To Class Of 2017

www.ahsalumnifoundation.org Summer-Fall 2017

orty graduates in the Alliance High School Class of 2017 received scholarship awards through the AHS Foundation totaling more than \$100,000.00. The scholarships presented ranged from \$200.00 for each of eighteen members of the Top Ten percent of the class to \$6,000.00 for five recipients of the John & Roene Klusch Memorial Scholarship, to be distributed at \$1,500.00 per year for four years.

The AHS Foundation adjusted this year's Scholarship Awards to increase the number of graduates receiving its renewable scholarships. The Klusch scholarships were increased from three students to five and the number of AHS renewable recipients rose from four to six. In addition, the Saffell, Utterback and the new 'Days of Glory' renewable scholarships were presented, bringing the total renewable awards to fourteen.

Newly elected President of the AHS Foundation, Patrick Heddleston '82 said, "The AHS Foundation's Board of Trustees felt that increasing the number of scholarships awarded to AHS graduates would enhance our purpose by helping more AHS graduates to continue their education beyond high school. The wider distribution will encourage more students to take on the increasing costs associated with continuing their education. The Board will continue to try to stay current with the financial demands that graduates face when continuing their education and make adjustments when it seems appropriate."

In addition to the fourteen renewable awards, the AHS Foundation presented an award to each of the top eighteen scholars in the Class of 2017 (Top Ten percent), selected award winners for five nonrenewable awards and eleven Named Scholarship awards. The Foundation also administered the endowment funds that were presented to nineteen other Named Scholarship award recipients.

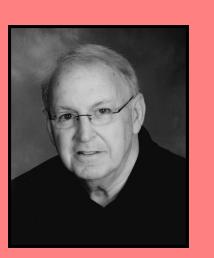

This is the largest amount (\$101,650.00), and the most students presented awards through the AHS Foundation in a single year since its beginnings in 1987, when one student received a \$500.00 scholarship.

#### **AHS CLASS OF 1967 HOLDS 50TH REUNION**

The AHS Class of 1967 held their fiftieth reunion at the Alliance Elks in June.

Just over one hundred classmates from 'coast to coast' returned to enjoy the event, starting with a Friday night Mixer. Entertainment was provided on Saturday by Jimmy & the Soul Blazers. Three classmates, Billy McCrea, Mike Bugara and John Sineri, are fifty year members of the band.

One of the highlights of the weekend was a recreated 'Heggy's booth' courtesy of the Museum at the Carnation Mall, which included a Heggy's sign provided by Heggy's. The booth provided a great 'photo opportunity' and sparked the sharing of many treasured memories of high school days.

Mr. Zelasko (Joe Zelasko '51), the 1967 Class Patron, was on hand to share a heartfelt and inspirational message on how important it is to embrace others when given the opportunity.  $\checkmark$

## **2017 AHS Academic Top Ten Percent**

(front row) Nautica Longaberger, Aryah Buckmon, Lori Simmons, Alysha Mitzel, Vanessa West, Teresa Woerther; (middle row) Natalie Dubaj, Izabella Waid, Meghan Czech, Speaker-Travis Alexander '04, Faith Haiss, Cassandra SierraValle, Kaelynn Kemp; (back row) Brenden Kelly, Willis Brienza, Jack Madison, Mackenzie Wiley, Lillian Boehm, Cierra Roller.

The Academic Recognition Committee and the John and Roene Klusch Foundation, in cooperation with the Alliance City Schools, presented the thirtieth annual Academic Recognition Dinner on May 10, 2017 at the University of Mount Union's Hoover-Price Campus Center. The top eighteen students at Alliance High School were honored for their academic achievements, along with their parents and their honored educators.

Travis Alexander, AHS 2004 graduate, was the keynote speaker for the evening event, as well as speaking to an assembly at the high school and visiting with various classes and student representatives during the day. Travis was a part of the Top Ten

percent of the AHS Class of 2004 and received the Elvin Wilson Scholarship to attend Duke University after Alliance High. He graduated from Duke in 2008 with a Bachelor of Science degree in Electrical Engineering. Travis is employed at STERIS Corporation in Painesville, Ohio, as a Manufacturing Engineer and Project Manager. He met his future wife, Allison, prior to his senior year at Duke. They were married in 2010 and have two boys, Malachi, age six, and Kellen, age four.

During his talks with the students and his presentation at the recognition dinner, Travis stressed the value in the life experiences of all of us. He suggested that we let those experiences affect our thinking, decision making and relationships, taking into account the effect on each of us and other people in our lives. We should strive to grow our community, share the lessons we have learned and strive to become a mentor to others.

The academic achievements of each student were recognized as they were presented a certificate and a Varsity "Academic A" letter. The parents of the students were introduced, along with the student's 'honored educator,' chosen by the student as someone who has been most instrumental in the realization of their academic success. For the twenty-seventh consecutive year, each of the top ten percent received a scholarship award from the AHS Foundation.

## CHANGE IN NEWSLETTER PROCESS

#### "Please take note of the mailing address printed on this newsletter."

The address on your newsletter is imprinted, rather than a label being attached. This new process has saved in mailing cost, but no longer includes every Alliance High graduate at your address (Only one name is printed).

If brothers, sisters, children, spouses or parents are at this address, the newsletter is intended for them as well, please share.

If others were on your last newsletter via an additional mailing label, but they have a separate address, please send us their current address and we will mail them their own newsletter.

This change is part of the AHS Foundation Board's ongoing efforts to save on expenses and award as much in scholarships as possible. Your help in updating graduates mailing addresses is important. These updated addresses will also help reunion committees as they try to contact classmates and plan their reunions.

Send changes, additions or corrections in the enclosed envelope, or email to <u>info@ahsalumnifoundation.org</u>, or go to the website, click on other and submit your address information there. Website: <u>www.ahsalumnifoundation.org</u>
