Esther L. Pandin, AHS 1946, daughter of Antonio & Domenica Teresa (Antonini) Pandin, passed away in January 2022. As part of her legacy, she established and funded the **TERESA PANDIN SKELLETT MEMORIAL SCHOLARSHIP**, named in honor of her deceased sister. This scholarship will

Teresa Pandin Skellett

permit presentation of awards to two graduating seniors of Alliance High School who intend to further their studies in pursuit of the fields of education and/or medicine. Each award is in the amount of One Thousand Dollars (\$1,000.00), and award recipients are selected on the basis of academics and financial need, while also taking into account other scholarships which may be awarded.

Esther dearly loved her family, and was in turn dearly loved by them. She felt strongly about the need for education, and regretted in part that she was not afforded the opportunity to pursue her own education

beyond high school. During her lifetime, she worked as a switchboard operator at the Ohio Bell Telephone Company in Alliance. After switchboards became automated she served as a dispatcher for telephone installers and repair crews working out of Canton.

Deeply devout in the Catholic Faith, Esther was always ready to help others. The

Esther L. Pandin '46

establishment of the **Teresa Pandin Skellett Memorial Scholarship** is part of Esther's legacy to help deserving students pursue their own education and careers as her sister had been able to do. Teresa taught in Alliance at St. Joseph Catholic Grade School and later in

New York State. Esther hoped to help others by offering opportunities for students who might otherwise not have been able to pursue their dreams.

The AHS Foundation Scholarship Committee will select the annual award recipients from applications submitted by Alliance High School graduating seniors. The AHS Foundation board appreciates the confidence displayed by Miss Pandin and her family thru the assignment of the administration of this scholarship fund. ✈

2022 AHS ACADEMIC TOP TEN PERCENT Recognition moves from Dinner to Dessert

Scott Rowley '02

As a direct result of COVID-19, in 2021, the decision was made to conduct the Top 10% dinner, typically held at the University of Mount Union which had limited the number of outside events on the campus due to the pandemic, to a dessert event in the gymnasium at AHS. The high school administration worked closely with the Top 10% planning committee to cut down on the amount of time allotted for the event and meet the social distancing requirements. The idea of a dessert was born.

The 2021 results were very positive, as some other changes to the format were incorporated. A guest speaker who is a graduate of the high school was still scheduled, and the event was limited to fewer outside guests. In addition, award winners, who were always asked to provide a written reason they chose their honored educator, were now asked to read them to the audience. The response by students, parents and staff was very positive.

In 2022, the committee decided to keep the dessert format, and was moved back to the Hoover Price Campus Center at Mount Union.

The event continues to be a formal, celebratory affair, recognizing the academic achievements of those in the top ten percent of the graduating class at Alliance High School. This year's speaker was Scott Rowley, Class of 2002. During his time at AHS, Scott was a top scholar and was very involved in the band, choir, and musical theatre programs.

Scott received a Bachelor of Arts degree in Biology and Spanish from Capital University in Columbus, Ohio in 2006. He later earned Master of Science (2009) and Doctor of Nursing Practice (2021) degrees from The Ohio State University. He has worked as a nurse practitioner (NP) since 2010, caring for people struggling with mental illness. He has maintained a rural family practice, and has finally found his true joy in caring for patients with cancer at The James Cancer Hospital at Ohio State. Scott recently assumed the role of Advanced Practice Provider Manager and leads a team of 45 NPs and physician assistants in treating and caring for patients at The James. Scott expressed that he was truly honored to have the opportunity to come back to Alliance and speak to our students and express how proud he is to talk about where he came from.

Scott spoke to the group about his time at Alliance High School being a cornerstone of the foundation of his life today, and he will be forever grateful for the lessons learned and the friendships built during that time. He discussed topics such as setting goals and achieving dreams, and especially living their lives as who they really are. Scott lives in Columbus, Ohio with his husband Nathan and their pet Chihuahua, Chula, and are preparing for the adoption of their first child.

WHAT'S HAPPENING AROUND ALLIANCE AND AHS

School Starting Earlier These Days

Classes for Alliance City schools began the week of August 15th, with the first football game on Friday August 19th. At this writing, the team is one win and one loss and it is not September yet! When did classes begin during your time in high school? My recollection is that classes began in mid to late September and we did not 'get out' until early June.

"New" High School is 50 Years Old

The building on Glamorgan, 'behind the castle' was built in 1972. Here we are fifty years later and we still refer to this building as "the new high school." The story is told that the only two things that were brought from the Broadway and Arch building were: The Murals that were painted by seniors Jack Stanley and Charles Gehm of the class of 1948 (They used classmates and other students as models in many cases.) and the chandelier that was the class gift from the Class of 1915.

The murals hang at the back of the auditorium, facing the stage and the chandelier still lights the stairway leading to the cafeteria area in the basement. A recognition and celebration of 50 years is being considered.

Farmers Market Moves to Union Ave and State St

Alliance's Farmers Market is operating from the corner of Union Ave. and State St. for the summer of 2022. The 'One Book-One Community' program sparked the beginning of the Farmers Market more than ten years ago when the book chosen was 'The 100 Mile Diet' which encouraged local people to eat food grown, hatched, prepared, etc. near their home. The Farmers Market has been located at the 'Caboose Lot' on Main St, the Buckeye Village parking lot on State St and now this, the first year, at Union Ave and State St. where local vendors bring their fresh products.

Mount Union Dedicates Larry Kehres Stadium

Mount Union Stadium was renamed Kehres Stadium in dedication ceremonies on the campus of the University of Mount Union on June 11, 2022. Larry Kehres was head coach of the Purple Raider football team for 27 years from 1986 to 2012. His teams won 11 national championships and he is a member of the College Football Hall of Fame.

The former Hartshorn Stadium, Mount Union Stadium and now Kehres Stadium is Ohio's oldest college football stadium.

Carnation Mall on West State Street Will be Demolished

Maybe the 'Mall,' which opened in 1983, is demolished by the time you are reading this newsletter. It has been in the planning stages for at least six years, but based on the number of stores 'gone' and the condition of the parking lot; the reality seems to be upon us. Cinemark Carnation Cinema 5 has announced the movie theatre will close August 29, 2022. All that will remain will be the former J C Penney store (to be occupied by Dunham's Sports) and the hotel. A new Meijer Store building will stand alone, with a 3-5 retail store 'strip mall' between Meijer and Dunham's. Meijer plans to build and occupy their building before the 2023 Christmas season.

Guardians Baseball

The Cleveland Guardians (we still revert occasionally to the name we have known all our lives) are young, exciting, sometimes frustrating, and fun to watch. Here we are, just before the end of August, and the Guardians are in first place. (We just lost two games in a row, 1-2 and 2-3) but, keep up your hope for the playoffs!!! 🏹

Alliance High School Chronicles are On Line

The AHS Foundation has nearly a complete collection of Chronicles from 1910 through 2016. Any duplicates in our collection are available to AHS graduates. Just send your request to our email (ahsalum@alliancecityschools.org).

Another option, and perhaps an easier, more efficient way to look at your, or any other Chronicle year on-line, is for you to access the Rodman Public Library website (www.rodmanlibrary.com) click on the Alliance Memories tab and select the Chronicle year you want to view. The library has scanned each Chronicle, page by page, for all Chronicles from 2010 through 2016. You can page through the yearbook at your own pace and relive high school memories. 🏹
