David R. Floyd a 1962 AHS graduate has endowed the Donna Clayton Floyd Memorial Scholarship with a gift of \$ 45,000.00. The AHS Foundation will administer this fund with scholarships to be awarded annually to AHS graduating seniors.

Donna graduated from Alliance High School in 1961 and returned to AHS the following year to participate in the newly established Diversified Cooperative Training Program.

She was in the drafting program and David in the auto mechanic trade. They were in class together in the morning with Mr. Turman as the instructor. In the afternoon Donna went to the Alliance Machine Company for 'on the job' experience and David to the Henschen Motor Company.

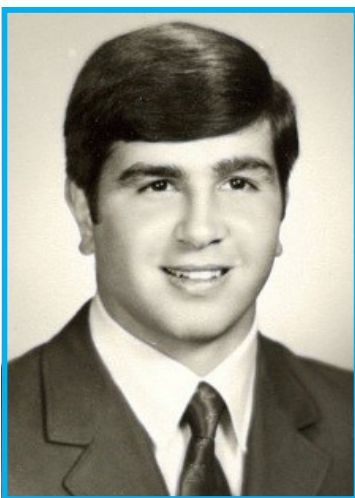

Donna Clayton Floyd

After a year of training in drafting, Donna gravitated toward the printing trade. Her encounters with Frank A Hoiles of the Alliance Review led him to recruit her to the printing shop at the newspaper. She helped to establish the printing department in 'Cold Type Compositing,' the new printing process of the 1960's. Initially in the advertising printing department, Donna transferred into the Commercial printing department, working for Elvin Wilson '35. Donna continued

to work at the Review for over twenty years. When the Commercial Printing Department was closed, as the printing process was replaced by computer driven methods, Donna retired from the Review. She then worked at Alliance Commercial Printing and retired a second time, from Jarman Printing. (Continued on page 3)

The class of 1954 celebrated their 80th Birthday with a lunch and birthday cake (number eighty, not 80 candles) at Skyland Pines last August. George Hampu acted as committee chairman as thirty two classmates and a total of fifty attended. Each class member received a mug with the AHS insignia as a souvenir. Many pictures of the school buildings of 1954 and of students and activities decorated the event.

There was discussion and the start of planning for the sixty-fifth reunion in 2019. Anyone with suggestions or interest in helping should contact George Hampu.

Top Gun Wrestling

The Alliance Aviators finished seventh in this year's thirty-first edition of the Top Gun Wrestling Tournament held in January. This is the best finish for Alliance since 2001 according to Alliance head coach Craig Shaw. The 2017 Top Gun had forty seven teams competing.

Floyd Memorial Scholarship (Cont.)

David and Donna were married in November 1962, moved to California, and after David was drafted, returned to Alliance before his enlistment began. David served in the U S Army in the Mekong Delta, of Viet Nam, where he was wounded in action. After the military, he worked in auto sales at Henschens', a machinist, an insurance agent and finally as Branch Manager at Bank One, retiring in 1999.

Although neither graduated from college, the Floyd's have held education and training as important elements in the lives of young people, especially now in the twenty-first century. David expresses that with Donna's love for life and for her work, she would be pleased to know that her spirit will live on in the recipients of this scholarship. To this end, the Donna Clayton Floyd Memorial Scholarship will be awarded to AHS graduating seniors planning to seek training for any of a wide variety of trades or technical careers that do not necessarily require a four year degree.

The AHS Foundation appreciates the trust and confidence that David is showing in the Foundation. This award will become one of the twenty seven scholarship funds administered in the AHS Foundation's family of scholarships. ✈

Andreani Scholarship (Cont.)

Since 2005, the 'Rivalry Football Helmet' has been presented annually in Gary's honor to the winner of the Alliance versus West Branch football game. Former Aviator head football coach Ron Kuceyeski '72 was instrumental in initiating this traveling trophy to symbolize Coach Andreani's contributions to education and the football program at both schools. At this writing, in the annual game for the 'Rivalry Football Helmet,' each team has won the traveling trophy six times. Each year, the seniors on both teams receive a replica helmet which, like the traveling trophy, are painted with Alliance on one side and West Branch on the other.

Gary's daughter Erin, AHS 2003 and Miami University 2007, is a Speech-Language Pathologist in the Washington DC area and is married to Ben Shuster '01. Erin was a member of the Academic Top 10% and was awarded an AHS Foundation Renewable Scholarship. Gary's son Eric, AHS 2011, is enrolled at Stark State College. Paula Cope Andreani, a Cadiz High School graduate, is a retired Spanish teacher from the Alliance School system. She still volunteers teaching elementary classes one day a week at Holy Cross Academy, Regina Coeli campus.

The Gary L Andreani Memorial Scholarship will be awarded annually to an AHS graduating senior who is enrolled at Mount Union. In addition to this scholarship, the family has also endowed two scholarships through the University of Mount Union to be awarded annually to one Alliance and one West Branch student attending Mount.

The Alliance High School Foundation appreciates the confidence that the Andreani family is showing by placing the administration of this Scholarship with us. The AHS Foundation will continue to do all that we can to assist AHS graduates in achieving their educational goals beyond high school. ✈

University of Mount Union Renews Commitment To Investment Alliance Scholarship Initiative With Alliance City Schools

Alliance High School graduates will compete for the academic top fifteen positions in Class ranking as they try to earn full tuition scholarships to attend the University of Mount Union.

The University announced last fall that it will continue the Investment Alliance Program for an additional four years beginning with the AHS graduating class of 2018. Launched as a four year pilot program for 2014, 2015, 2016 and 2017, twenty-six Alliance High School graduates have received this 'full tuition scholarship' in the program's first three years.

"When the University began its deliberations regarding the future of the Investment Alliance Program, the need was apparent and the benefit was clear," said Dick Merriman, president of Mount Union. We are rewarding these students' academic achievements with four-year undergraduate full-tuition awards, and they are enriching our campus community through their academic pursuits, leadership abilities and service-minded approach." ✈

AHS Foundation Scholarship Help Is Appreciated

Dear AHS Foundation,

Thank you for your support in my academic endeavors. I am very grateful for the scholarship opportunity I was awarded in 2014. With the help of this scholarship, and a few others, I did not have to pay a single dime out of pocket for my first year of college. Last year I was not running on the same funding, however, with your scholarship, I was able to reduce the amount of loan amounts to approximately \$ 7,000.00 in total loans. Thank you again for your support.

I wanted to take a moment to inform you of some of the things I have been up to. Since last summer, I have transferred from Ohio Northern University to the University of Mount Union in the great City of Alliance. I am still pursuing a Bachelor of Science in Mechanical Engineering, and I am involved in a few clubs and organizations. At Mount, I am Vice President of the Society of Automotive Engineers, Baja Team, in which we design, build, test, validate and race a high performance off-road vehicle that conforms to specific rules and regulations set forth by the competition board. In this club we use what we learn in and out of the classroom to practice extreme engineering.

I am also involved in the UMU Triathlon club, where students learn to swim, bike and run, improving their physical and mental fitness. Since my freshman year, I have become a Marathoner and Tri-athlete, with the goal of completing a full 140.6 mile Ironman distance triathlon (2.4 mile swim, 112 mile bike and 26.2 mile run, consecutively, without breaks). I love training for these sports because it not only gives me a positive outlet to turn to when stress of studies and life itself become overwhelming, it also teaches me how to set goals and attain them through self perseverance and learning how to accept failure as a part of success, and to turn to others when in need of help. This is my passion, and I plan to someday design running shoes or performance bicycles (I wouldn't mind turning professional Tri-athlete, but that comes after college!).

During the summer I worked as a Mechanical Engineering intern at Hunt Valve in Salem, Ohio, and am continuing there part-time during the school year. It has been a great learning experience. There is still a lot to learn, and I plan to keep doing my best, and make sure your scholarship will be put to good use. Thank you again for your continued support.

Sincerely,

Benjamin Kelley, AHS Class of 2014

Make A Donation Directly From Your IRA

You can donate to the AHS Foundation Scholarship Fund and not have the amount included in your taxable income.

The government has finally passed the law, permanently, that allows taxpayers age 70 ½ years of age to make a charitable contribution directly from their IRA, 401K, etc that will be credited against your Required Minimum Distribution (RMD), but will not be considered part of your taxable income.

The key to this process, that will save you income tax, is to have your IRA Fund make the payment directly to the AHS Foundation. You should not receive the money and forward it to the Foundation. It should come directly from your IRA to qualify for this no-tax treatment.

Communicate with your Fund manager to initiate this process. You will benefit with a reduction in taxes. Alliance High School graduates will benefit with additional scholarships. Let the government help Alliance students in this way!
