# McLeod Memorial Scholarship (continued)

the Job Training Partnership Act program, offered through R. G. Drage Career Center in Canton (JTPA was established to serve less advantaged students by placing them on jobs).

This scholarship is established by Jeanne Ameser McLeod '57 to honor her late husband. "Mac loved his students and they truly respected him and I wanted to do something in his name." Mac died August 4, 2012.

The recipient of the award each year will be a graduating senior at Alliance High School who is planning to pursue either a two or four year degree, is a good student, a hard worker and actively involved in high school activities. The selection will be made by the AHS Foundation Scholarship Committee.

Mac and Jeanne have two sons. Jeff (a 1986 graduate of Marlington High School) is an optometrist in Canton. He is married to LaVon Howell (Marlington '88) and they have two sons; Andrew, 18, and Alec, 15. Steve (a 1989 Marlington

graduate is an information technology employee at Liberty Mutual Insurance in Arundel, Maine. He is married to Julie Liber. They have two daughters; Kenna, 18, and Norah, 15.

The AHS Foundation is honored that administration of this scholarship fund has been entrusted to the Foundation. We will work to assure that future AHS graduates will benefit from the McLeods' lifetime commitment to education.

the love of her life, Gage Wright, who she married in 2018. She resided in Hartville with her husband at the time of her passing.

Beginning January 1, 2022 the Montavon Family has chosen to transfer the administration of the Madeline Montavon Wright Memorial Scholarship Fund to the AHS Foundation. The AHS Math Department will advise the Foundation on the annual selection of a recipient to receive a \$1,000.00 award.

## Anna McClaugherty '03

Anna McClaugherty '03 has qualified to run the Boston Marathon on April 18, 2022. Since her participation in middle school cross country, running has been a leisure and competitive outlet in her life.

There have been interruptions, but the desire to get into the outdoors and into a "flow state of mind' as she now describes it have continued to bring her back to running. Anna was part of the Cross Country team in middle school, high school and at Mount Union before taking an extended break from running. She went to graduate school to become a mental health therapist and then got back into running.

Anna moved to Flagstaff, Arizona, in early 2020, in part for the job, but also because it was known as a 'runner's hub,' with countless trails to explore. In April of 2020, she was hit by a car while running. Anna said she suffered a traumatic brain injury and was hospitalized for three weeks. She described some other small stuff, 'broken wrist' and 'broken clavicle.' (Not my definition of 'small stuff').

Anna's mom, Martha, reported that because of COVID restrictions no visitors were allowed for the first ten days she was hospitalized. Through 'Social Media' the entire family received an amazing outpouring of support from family, friends and even strangers, many who knew Anna from high school. She was able to begin running again in July and her first race was in November.

Anna still runs, but she has stopped worrying about her time and just enjoys 'a nice 3 hour run.' She talks of the dogs she stopped to pet or the people she met while running. Somewhere there in her psyche, the

competitive fire still burns. Anna refers to the Boston Marathon as the gold medal for runners who are not Olympians. She qualified this year in her age and gender bracket with a time of 3 hours, 27 minutes, 51 seconds.

Anna hopes her story will help other runners focus, as she tries to do, on the enjoyment and challenge and not take themselves too seriously.

#### **AHS Foundation Board Member Retires**

Judge Robert Lavery '69 has asked to be replaced on the AHS Foundation board. He has served since 2013, lending his advice, counsel and opinion to the continued growth of the Foundation. During his tenure, Judge Lavery was instrumental in establishing an annual scholarship application training event for graduating seniors. The goals for the event is to make students aware of the diverse scholarships available through the Foundation, assist in preparing the application form and encouraging the potential recipients to complete and submit the application.

Administered funds of the AHS Foundation have grown and for 2022 over sixty (60) scholarships will be awarded to AHS graduating seniors in many diverse fields of study.

Thanks to Judge Lavery for his voluntary service to AHS graduates.

Judge Robert Lavery '69

## Lionel 'Dowdy' Grimes '68

Last November, 40,000 pounds of food and household items were delivered to three Alliance volunteer food pantries. The truck carrying the donation traveled from Salt Lake City, Utah, nearly 1,800 miles and was part of a continuing story that started over 50 years ago.

In early 2022, Lionel 'Dowdy' Grimes, AHS Class of 1968, was honored with a Pathfinder Award presented at Alliance High School. He returned to his hometown to share his story with students and the community as part of Black History Month. Currently Grimes makes his home in Columbus, Ohio.

In 1969, Dowdy became a member of the 'Black 14.' As the University of Wyoming football team prepared to play BYU, the black members of the Wyoming team chose (requested) to wear black armbands in protest of the Mormon Church policy that no blacks could join the Church's priesthood. All 14 were summarily dismissed from the football team.

Fifty plus years later, the 'Black 14' continues to advocate for racial equality and the Mormon Church has changed its policies. Part of the 'Black 14' and the Church's three year partnership plan is to distribute one million pounds of food to communities in need. Lionel Grimes was instrumental in 40,000 pounds of this food and household products being directed to the community of Alliance.

Dowdy relates that what started with such prejudice and distrust has grown into a "Story of Joy."

After his speech, Dowdy and several friends and teammates from high school days met for fellowship and reminiscing.

Mallory intends to study education at Siena Heights, with a goal of becoming an elementary school teacher.

Stephen Gales '22 signed a National letter-of -intent to continue his educational and athletic career at the University of Toledo in the fall. Stephen, at 6 feet 8 inches tall and 300 pounds, was a two year starter on the Aviator football team as an offensive lineman, gaining experience at both guard and tackle during his senior season. Toledo's head coach is

Jason Candle, a West Branch and Mount Union graduate and Vince Kehres, AHS '94 and Mount Union graduate is defensive coordinator and linebacker coach for the Rockets. At this writing Stephen is undecided about his major field of study.

Thomas Butt '22 was selected as the recipient of the Jim Muzzy Scholastic Award at the 77th Annual WHBC Stark County High School Football Awards Banquet last fall (Jim Muzzy was the sports director for WHBC for thirty-six years, retiring in 1979). Thomas Butt is the only Alliance Aviator player to receive this award since it was first awarded in 1963.

Thomas started for the Aviators for three years as an undersized offensive left tackle (5 feet 11 inches, 220 pounds). He carries a 4.25 grade point average in the classroom and will attend Mount Union in the fall with an Investment Alliance tuition free scholarship. The third qualification for this award is community involvement. Thomas is a member of National Honor Society, has volunteered at the Kiwanis Pancake breakfast, the AHS Food Drive, to coach in a football program for elementary school kids and at the Pro Football Hall of Fame 'Hall of Famer' autograph sessions.

Thomas is the son of Stacy & Thomas Butt, Sr, of Alliance.
